

Lake Erie Walleye Tournament June 20, 2026

Submitted by Bob Schulz, Pictures - Kelly Kenney, Henry Nabors, Results - Henry Nabors

Well, I'm feeling kind of special as I was able to chair 2 of the 3 Lake Erie walleye events that mother nature allowed us to have.

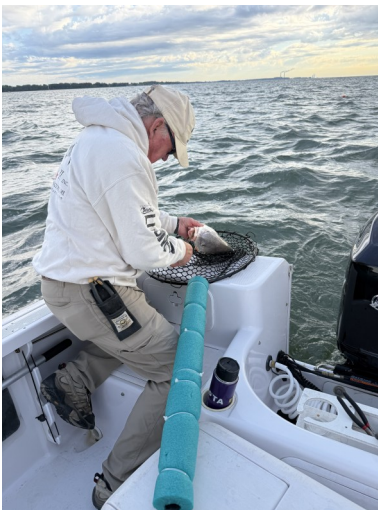

Now with that being said, mother nature still made sure we know she was around. The morning started out nice, but by late morning the wind started to pick up and got stronger as the day went on. Most of the fishing took place in the swallow water by Luna Pier. Most boats ended up with limits or near limits of fish by the end of the day.

For the Bounty Hunter, we fished that swallow water and we very slowly picking away at them when we got secret info on a hot spot. The only problem, it was a few miles off shore and the waves were a bit bigger out there. We were able to boat a quick 10 fish and one turned out to be the biggest fish of the tournament.

I was sorry to disappoint several people who I hear were asking for a hot dog lunch, but instead had to settle for sandwiches. Following lunch we completed the weigh in and congrats goes to Captain Dave Strunk and crew for their first place finish. See the full results below. A special thanks to Kelly Kinney who made a weigh in score board, so all can see the results of the weigh in as it happens. Very cool.....

Bolles Harbor Walleye Tournament June 20, 2026 Port Captain: Bob Schulz

Last	First	Boat	Place	Total	Weighed	Lbs	Points	Total	Big Fish	Big Fish	C of Y
