

Metro West Summer Picnic - July 7, 2026

Submitted by Mark Platt; Pictures by Kelly Kinney

Once again Metrowest Steelheaders put on an AWESOME Summer Picnic. Mother Nature gave us a Beautiful Day, a little warm but I had that kinda covered (shade and fans) till DTE lost power. I'm still learning how to pay bills LOL. I already sent out plus personally Thanked Dave Zawacki and his Merry Band of Fishers (Traver brothers and Chris Thompson) for a wonderful, delicious dinner plus the help in setting this thing up. Now I want to THANK the rest of you Steelheaders that prepared and brought all the appetizers, side dishes and desserts. Can't say I tried them all, that would've been impossible... but I did try many of them plus I'm still working on it as some were still left for "me"/"us". The "us" consists of one of my FAVORITE Daughters (I have three) who did a Tremendous Job helping with EVERYTHING !! LUV YOU KIDDO 🤗

Along with learning how to pay bills and use this silly thing called a computer, LOL, my previous job was digging holes (lawn sprinklers) and or building/fixing houses so I didn't need to know how to do/use them, with retirement I'm trying but it's hard to teach an old dog new tricks. Another thing I'm trying to learn is cooking so I borrowed a recipe and a little guidance from Nancy and Henry Nabors to prepare my first side dish. They always bring a Baked Bean Casserole to our events but couldn't make this one so I did and it turned out pretty damn good if I do say so myself. Thx you two !!

MWS is one of the better clubs around--fun, great place to learn, great place to meet people and financially stable (important in this day and time). We got this way due to a lot of dedicated people but also other people stepping up to the plate and helping out. It is wonderful to see everyone throughout the year at tournaments and outings, and equally as wonderful to see everyone during the Picnic. Whether you're a member who's been around for ages, or if you're newer, THANKS for making MWS what it is!
