

Lake Erie Walleye Tournament June 22, 2024

Submitted by Port Captains Robert Schulz

Port Captain Robert Schulz: While the weather finally did not play a role in the tournament day. The day started with an amazing full moon and light winds. Captains fished different areas from Brest Bay, Michigan Dumping Grounds to swallow water over by little Cedar Point to name a some. Methods used from crawler harnesses, spoons to body baits. For the Bounty Hunter we ended the day by using Wiggle Warts on one side of the boat and spoons on the other.

The Bounty Hunter fished the swallow water and found plenty of fish as we caught more than 60 walleye by the end of the day. Once we had 10 in the box, we started to release any walleye less than 17 inches. So the crew was busy catching, releasing and resetting lines which made for a great day. For those fishing Ohio water, getting checked by the Ohio DNR officers has been occurring regularly as the Bounty Hunter checked earlier in June and another club boat was checked during this event (NO VIOLATIONS).

The weigh in was held for the first time at Bolles Harbor boat launch with great success. We found a great area of shade which was truly needed by lunch time as the day heated up. Following a good lunch fish were weighed and Captain Fabian and Nicole Sepulveda took first place with a weight of 17.75, beating out the Salty Dog crew .05 lbs. See below for final results.

Sterling SP Walleye Tournament June 22, 2024					Port Captain: Bob Schulz									
Last	First	Boat	Place	Total	Weight	Lbs	Points	Total	Big Fish	Big Fish	C of Y Place	BF	Tot	Crew
