

Metro West Summer Picnic - July 11, 2023

Submitted by Mark Platt; Pictures by Henry Nabors

Metro West Members,

Well we did it and Thanks to all who made it work. Talking about the Platts chairing our first club picnic. Mother nature did not want to cooperate but we were able to sidestep her by using the Garage, Pole Barn, Tents and Patio. My apologies for not getting the pole barn cleaned up a little better.

Next year we'll plan it on a day with no rain (LOL). Special thanks to my wife for letting us have the picnic at our home. Also a special THANKS for the RSVP's and the 42 people that showed up with all the wonderful food. A huge THANKS To Dave Zawacki and company for frying all that fish and fries. If we have it again next year at our place, (I could get fired for not taking pics and/or an official head count), some things need to be changed. Anybody have connections with our governor, the traffic sucked. Maybe a time change or a week-end ?? Another thanks to all who donated fish, it was fantastic.

By the way, this report is live from the Blue Ridge Mountains. The morning after the Picnic Carol, Allison and myself took off in the motorhome for a road trip to get Allison to her girlfriends wedding. We did make and I highly recommend this tropical paradise so far !!!!

See ya on the water

Mark Platt
