

**Metro West Steelheaders
Clinton River Clean-Up Chair Jay Labban**

Last Saturday (4/13/24), we partnered with MUCC, AmeriCorps and the Clinton River Watershed Council (CRWC) to conduct our first river clean-up of the year.

The event was a great success! We had 35 volunteers with many families that supported the clean-up resulting in the removal of about 345 lbs. of trash from the river.

Each year I am amazed at the trash that we collect. This year was no different.

The clean-up areas that we covered included Yates, Bloomer Park, Holland Ponds and River Bends Park.

Lunch (Pizza from MUCC) was provided to the participants.

I am looking forward to our next Clinton River clean-up event.

Jay Labban, Clinton River Clean-up Chair
